test-builds

GitHub repository to test different Read the Docs builds scenarios. This line was changed.

Read the Docs configuration file used to build this docs:

```
 1    version: 2
 2
 3    build:
 4      os: ubuntu-24.04
 5      tools:
 6        python: latest
 7
 8    sphinx:
 9      configuration: docs/conf.py
10
11    python:
12      install:
13        - requirements: requirements.txt
```
